Chennai, Tamil Nadu

Summary

MERN Stack Developer with hands-on training and project experience building responsive web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in REST API integration, JavaScript, responsive UI development, Git/GitHub, and modern frontend technologies. Experienced in developing reusable React components, integrating APIs, implementing CRUD operations, authentication, and responsive full-stack applications.

Certifications

Program in AI Enhanced Full Stack Development (MERN) – Entri Software Pvt Ltd Nov 2025 – Aug 2026
(Illinois Tech USA , NSDC)

- Hands-on training in React.js, Node.js, Express.js, MongoDB, REST APIs, JavaScript, and Git/GitHub.
- Developed responsive full-stack applications using reusable React components, API integration, authentication, and CRUD operations.
- Practiced frontend, backend, database integration, and responsive web development through practical projects.

Skills

Programming Languages : JavaScript, HTML5, CSS3, JSON
Frontend : React.js, Bootstrap, Tailwind CSS, Responsive Web Design
Backend : Node.js, Express.js, REST APIs, CRUD Operations
Database : MongoDB
Tools : Git, GitHub, VS Code, Postman, Docker, CI/CD
Soft Skills : Communication & Teamwork, Problem Solving, Adaptability

Projects

Phonebook with Fetch API & Asynchronous JavaScript [URL](#)

- Developed a CRUD-based web application using JavaScript and Fetch API for creating, reading, updating, and deleting contact records.
- Implemented asynchronous API communication using Fetch and handled dynamic responses for real-time data operations.
- Designed a responsive interface with form validation to improve data accuracy and user experience.
- Implemented dynamic contact data rendering and user interactions for efficient record management.
- Structured the application with reusable JavaScript functions and clear client-side data handling.

Skill Swap – Community Learning Exchange Platform [URL](#)

- Developed a full-stack MERN application for sharing and learning skills within a community.
- Implemented secure user authentication and authorization using JWT and built CRUD operations for skill management.
- Added Favorites and User Profile features and integrated REST APIs with MongoDB using Node.js, Express.js, and Mongoose.
- Designed a responsive React.js interface using Tailwind CSS with reusable components and responsive layouts.
- Added Real-time Chat functionality to support communication between community users.
- Deployed the frontend and backend and managed the source code using Git and GitHub.
- Managed project source code using Git and GitHub and followed component-based development practices.

Education

• Master of Computer Applications (MCA) | Hindustan Institute of Technology and Science Aug 2023 – Apr 2025
• Bachelor of Computer Applications (BCA) | Guru Nanak College Jul 2020 – Apr 2023
